RE: THINKING

*"Forward-thinking and sophisticated.
Timeless... and unexpected."*

—Glenn Pushelberg

From the glittering shore of Biscayne Bay to the thriving bistros and boutiques of Mary Brickell Village, Downtown Miami's most cosmopolitan address now ushers in a new era of living well in one of the world's most dynamic cities.

Arising from the collective vision of forward-thinking designers and realized by a visionary developer with an acknowledged passion for quality, innovation and environmental sensitivity, BrickellHouse is uniquely positioned to introduce the new reality of urban skyline living.

INTELLECTUAL PROPERTY

There is an energy that fuels life along Brickell Avenue. It moves at the speed of technology. Yet, just a block away, the world is lulled by the blue expanse of Biscayne Bay and the rhythm of the tides. BrickellHouse can enrich your life at any speed. Ingenious design enhances business and leisure through technology and nature. A physical reflection of life in the modern metropolis. BrickellHouse—progressive, refined and very, very smart.

GREAT MINDS THINK DIFFERENTLY

Evolution inspires innovation. In assembling the team behind BrickellHouse, Newgard Development Group looked to influential designers whose work is admired, catalogued and emulated by their peers all over the world.

With hundreds of awards and no lack of commissions to choose from, the principals of Miami's Sieger Suarez Architectural Partnership and Toronto's Yabu Pushelberg might be expected to rest on their past successes. Instead, they continue to innovate, bringing new technologies and ever greater beauty to the built environment.

WELL-DEVELOPED IDEAS

HARVEY HERNANDEZ
Chairman & Managing Director

NEWGARD DEVELOPMENT GROUP

"Some developers build, but we very deliberately choose to create. We choose sites and projects with meaning. We select materials with care and an insistence on quality. We demand the best from ourselves and those with whom we work. We make a statement about what is possible. Pursuing projects in this way ensures they will be landmarks in and of themselves, and for the communities they will come to represent."
—Harvey Hernandez

The partners of Newgard Development Group have spent 15 years in the South Florida real estate market. Founded by Harvey Hernandez, Newgard's highly skilled associates bring more than 40 years of combined experience in development, design and construction.

Hallmarks of the Newgard approach to development include innovative luxury buildings in desirable, centrally located neighborhoods, pedestrian-oriented lifestyles and cutting-edge amenities. By focusing on the unique qualities of each project, Newgard is able to ensure superior quality with exacting attention to detail, exceptional finishes and timely completion, every time.
